EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with David Patchett on 12/15/2005.

The application has been amended as follows:

Claims 1-18 are cancelled.

REASONS FOR ALLOWANCE

2. The following is an examiner's statement of reasons for allowance:

The decision on appeal by the Board of Patent Appeals and Interferences mailed 11/08/2005 has been carefully reviewed, and reconsidered.

The decision "The Examiner has not established that the substitution of the radiation curable composition of Park would have had a reasonable expectation of success as the coating solution on the edge face of the tapes disclosed by JP '353." (page 7, bottom paragraph) has been carefully considered. In response, the Examiner notes that although Park does teach the advantages of solvent free coating over the solvent containing coating of JP '353 (in which the solvent is removed from the coated product, therefore it is not seen how the solvent contributes to the property of a dried coating), and a motivation for substitution appears to be properly provided by the prior

art, nonetheless, the Examiner now agrees that since the radiation curable compositions of Park and JP '353 are of different chemicals, and having inherently different properties, as such Park's teaching appears to be lacking a reasonable expectation of success.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

3. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Victor S. Chang whose telephone number is 571-272-1474. The examiner can normally be reached on 8:30 - 5:00.
